Lilian Schick School

Learn with Passion, Lead with Confidence

Our School

Lilian Schick School believes all students are leaders. We provide opportunities for them to think critically, think creatively and make healthy life choices. We believe that modelling, learning and teaching leadership skills and positive values are part of an excellent, well-rounded education.

Our school provides a safe, caring, respectful and healthy school environment for students in grades 5 to 9. We offer a strong academic core and wide selection of unique programs. Our school motto is "learn with passion, lead with confidence." Home to the Knights, our school believes that cooperation among staff, students, parents and community can shape the future of Keen, Noble, Independent, Generous, Honest, Tireless and Spirited (KNIGHTS) leaders.
